

Gulnara Fedorova

Junior Frontend Developer

Open to remote & Serbia-based roles

Work Experience

Guild of Developers · Belgrade (Serbia), <https://guild-of-developers.ru>
Frontend Developer November 2024 – Present

- Contributing on the "Guild of Developers Knowledge Base" project - an internal system for onboarding interns. The project aims to provide an accessible platform for learning and development.
- Utilizing technologies such as React, Redux Toolkit, Axios, and CSS/SCSS to build responsive and interactive interfaces.
- Collaborating with a team to ensure high-quality code and efficient project delivery.

Self-employed / Freelance · Belgrade (Serbia)
Junior Frontend Developer May 2024 – Present

- Designed and implemented a personal portfolio using React.js, showcasing 9 diverse projects with dark/light themes, multilingual support (EN/RU), and responsive design optimized for 15+ device resolutions, improving UX by 30%.
- Enhanced JavaScript proficiency by completing 20+ advanced coding challenges and working on four client-based pet projects.

Yandex Practicum · Belgrade (Serbia)
Web Developer (Training) December 2022 – May 2024

- Successfully completed a 721-hour "Web Developer" course at Yandex Practicum, focusing on full-stack application development.
- Built 3 full-stack applications using React.js, Node.js, MongoDB, and Express.js, implementing clean and scalable code and integrating REST APIs to enhance functionality. Gained hands-on experience with modern tools like Webpack, Git, and Postman to optimize development workflows.
- Developed 2 single-page websites with responsive and interactive design, ensuring compatibility across various devices and adhering to pixel-perfect standards based on design mockups.

Morintech · Moscow, <https://marine.tech>
Project Manager February 2023 – April 2024

- Managed a 5-year grant project to create a digital platform for analyzing anthropogenic environmental impacts.
- Coordinated with 10+ industrial partners in remote sensing, UAV technologies, and environmental analytics.
- Developed 5-year project plans with monthly milestones and detailed budgets, ensuring task execution, risk mitigation, and accurate tracking of expenses.

Marine Research Center · Moscow, www.marine-rc.ru
Deputy Head of the Department June 2015 – April 2024

- Led a team of 5, managing around 10 geomonitoring projects annually with a focus on timely delivery and budget compliance.
- Prepared tender documentation, cost estimates, and technical proposals, ensuring accuracy and competitiveness.
- Collaborated across 3–5 departments to streamline workflows and improve project efficiency.
- Delivered project results to stakeholders, incorporating modern scientific methods to support informed decision-making.
